Thank you for your support!

My name is Beata, and I live in Bogatynia. Every day, I face the challenges of living with several serious health conditions, including drug-resistant epilepsy and multiple sclerosis.

I also have a heart condition, including an atrial septal aneurysm and an atrial septal defect (ASD II). My heart ejection fraction is approximately 60%. In addition, I have orthostatic hypotension and have suffered a stroke in the past.

Due to multiple sclerosis and chronic pain syndrome associated with nerve root compression, I need to use a walking frame. My mobility difficulties and frequent falls often result in injuries. Because intravenous access is extremely difficult, I have an implanted vascular port. I also experience severe joint pain caused by rheumatic disease.

Furthermore, I have been diagnosed with left-sided hemiparesis and spastic hemiplegia. In the past, I was also diagnosed with aphonia.
