Thank you for your support!

My name is Kajetan. I was born with several conditions, including agenesis of the left kidney, cleft left foot, left-sided cryptorchidism, and reduced muscle tone.

I have just turned one year old, but since birth, I have been undergoing rehabilitation for my reduced muscle tone and attending specialist appointments in preparation for a planned surgery this year. The procedure will give me a chance to move independently. Afterwards, I will need further specialist check-ups and continued rehabilitation. With successful treatment and professional, long-term rehabilitation, I will have a chance to walk on my own.

A small percentage makes a BIG difference to my health. Please support me in my illness!

By donating 1.5% of your tax or a donation to the Avalon Foundation with the note "Napiórkowski, 18561," you give me a chance for a better life.
