♥ Meet Kazik – a little warrior with a big heart

Kazik was born in 2020 as a premature baby, with Down syndrome, a complex congenital heart defect (AVSD), and congenital duodenal atresia. From his very first days, he has shown an incredible will to fight for life. **In our lives, time is a precious gift – and Kazik teaches us just how priceless it truly is.**

In the first months of his life, Kazik underwent several life-saving surgeries, including a major heart operation that ended with the placement of a pulmonary artery band (PA band). Over time, he was also diagnosed with pulmonary hypertension. Hospital life has become part of our everyday reality. Despite many difficulties, Kazik is a cheerful, joyful little boy. He loves music, books, trains, riding his scooter, and playing football.

One of Kazik's greatest challenges is communication. He very much wants to learn how to speak so that he can express his needs, play freely with his peers, and become increasingly independent. He is supported through therapy and by learning alternative communication using Makaton.

♥ Why do we ask for support?

Funds raised through Kazik's sub-account with the Avalon Foundation help cover therapy, rehabilitation, and support his journey toward independence.

Every donation is a gift of time – time for development and for the future.

When supporting, please include the reference:
