PAYMENT TITLE:
Struzik, 19658

Thank you for your support!

My name is Laura. My story is a struggle with rare genetic mutations that have robbed me of my mobility, but not my hope! I live with:

Ehlers-Danlos syndrome (EDS): Defective connective tissue causes joint instability, chronic pain, gastrointestinal motility disorders, and damage to internal organs (including heart valves, the spine, the nervous system, the digestive system, and other parts of the body).

CPT2 (Carnitine Palmitoyltransferase Type II) deficiency: A rare metabolic disease that causes muscle breakdown (rhabdomyolysis), low blood glucose levels (hypoglycemia), which can lead to kidney failure and extreme weakness.

Complications: Enteral tube feeding, mobility problems, nervous system dysfunction (dysautonomia, dystonia), and numerous spinal conditions. Rare diseases require expensive, multidisciplinary care.

Donating 1.5% of your tax or making a voluntary donation will greatly help me cover the costs of medications, rehabilitation, and managing my daily life with these illnesses.

Your support helps improve my quality of life. Thank you!
