PAYMENT TITLE:
Szleszyński, 22458

Nathaniel is a 6-year-old boy who was diagnosed with autism at the age of two and a half. He also suffers from a chronic condition, ulcerative colitis (UC). He is one of the very few children to have been diagnosed with this disease at such a young age.

We do our best to support his development and education. He is making very rapid progress, and we believe that this is a particularly important age for developing many essential skills. We would like to give him the best possible start and help him enter adulthood safely and with greater independence. We also have another son, and we want to provide him with the same opportunities and support.
